Health and Safety **Activity Certification**

U.S. Department of Labor

Mine Safety and Health Administration

This form is covered by the Privac	cy Act of 1974.	OMB Control Number: 1219-0069, Expiration Date 03/31/2000						
Company Name		Mine ID						
Mine Name								
Address (leave blank if cards are to be sent to the mine address)								
Name	Street or PO Box	City	State			Zip Code	е	
30 CFR 75.100 and 30 CFR 77.100 establish the procedures under which miners are certified to make certain tests and examinations which are required by MSHA regulations to be performed by certified persons. For mines located in states that do not have provisions for certifying miners, 30 CFR 75.100 (c) (1) and 30 CFR 77.100 (b) (2) require mine operators to make application to MSHA to obtain certification for miners who meet certain minimum experience requirements. MSHA Form 5000-4 provides coal mine operators with a standard reporting format which expedites the certification process while ensuring compliance with the regulations. The information provided on the form enables MSHA to determine if miners satisfy the requirements to obtain the certification sought.			Only	Unde	ergroun	d Only
